Recommendations _____

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians). (The physical examination must be performed on or after April 1 by a physician holding an unlimited license to practice medicine, a nurse practitioner or a physician assistant to be valid for the following school year.) – IHSAA By-Law 3-10
